- Pilkington Optiwhite™
- Pilkington Mirropane T.M.™ Transparent Mirror

Pilkington North America is a total glass solution provider. Pilkington has a solution for every glass requirement, whether that requirement is to control energy usage, protect against fire, insulate against noise, provide safety and security, display decoration and privacy, or build all glass facades. Pilkington's family of low-e products include Energy Advantage™ – a clear thermal control solution, Solar-E™ – a solar control Low-E solution, Pilkington's Eclipse Advantage™ – optimizing both solar and thermal control while allowing natural daylight to brighten the building's interior environment— and in a full palette of color options. Pilkington's newest innovation OptiView™ Anti-Reflective Glass—a new glass minimizing glass reflections by reducing visible light reflectance to less than 2 percent, while blocking over 99 percent UV transmittance.

With building products manufacturing in 19 countries and sales in 130 countries, Pilkington, along with associates and strategic partners, has the widest geographical reach and market leadership positions in the Building Products and Automotive Products sectors.
