## PANEL DISCUSSION: Standards for Decorative Paint Coatings

- A discussion on the trends in decorative glass and their applications with specific regard to decorative paint coatings. What are the best ways to apply them in a production environment and get the best aesthetic value. Is there a standard or what should that look like to approve the various types of decorative glass available in interior applications.

## NEW BUSINESS

**NEXT MEETING:** Annual Conference 2018: April 23-28 in Napa, CA
